

Location and Transportation

Frisco is Location ... Location ... Location...

Before the City surpassed the 50,000-population mark, Frisco was the second fastest growing city in the United States with a population between 10,000 and 50,000 according to the U.S. Census Bureau.

Air Transportation ...

Dallas/Fort Worth International Airport and Dallas Love Field are approximately 25 miles from Frisco. Addison Airport is conveniently located approximately 15 miles south of Frisco via the Dallas North Tollway while the McKinney Airport is approximately 15 minutes east of Frisco via State Highway 121. Burlington Northern/Santa Fe Railroad and four motor freight lines serve the city.

Via the Dallas/Fort Worth International Airport (DFW) travelers are just a few short hours away from any major business center in the United States. DFW is ranked third in the world for total flight operations and averages nearly 2,300 flights each day. DFW serves 153 cities worldwide, including a total of 116 nonstop domestic destinations and 37 international nonstop and direct destinations.

Ground Transportation ...

Frisco is conveniently accessible by numerous state and federal highways including state Highway 289 (Preston Road), State Highway 121, Dallas North Tollway, and US Highway 380. US 75 is only 15 minutes to the east of Frisco via State Highway 121. US380 forms the city's north boundary and is a national truck route connecting I30 and I20 in Greenville to I35 in Denton.
